

Belonging begins here

and now, it looks pretty fabulous!

We're thrilled to officially introduce **DAIRE TO WEAR**, our new clothing program through the Daire Center!

Our Clients now have the opportunity to "shop" from a fabulous selection of clothing generously donated by our community—choosing items that fit not only their needs, but their personalities and style. Watching shopping bags fill up and seeing the smiles was a beautiful reminder that something as simple as a new outfit can mean so much more than clothes.

During our trial run, several Clients returned the next morning just to model their new outfits. One of our unhoused Clients told us he planned to stay at a shelter that night so he could shower before putting on his new clothes.

That moment stayed with us.

Because sometimes a fresh shirt, clean jeans, or new socks can provide something much bigger: confidence, dignity, motivation, and a fresh start.

And now, we need YOU!

DAIRE TO WEAR receives no dedicated program funding—it is entirely Community supported.

As you clean out your closets, please remember **DAIRE TO WEAR**. Those gently worn clothes you no longer reach for could become someone else's favorite outfit.

Donate gently worn clothing.

Help us stock new socks and underwear.

Make a financial gift today.

A simple new outfit can create profound change.

Help us keep the racks full, the shopping bags filling up, and our Clients walking out feeling seen, valued, confident, and ready for what comes next.
